How to use this plan

This is your gym copy of the program: every session of the 9 weeks, phase by phase. Each training day has one page with a column per week. Fill it in on your phone or tablet, or print it.

Logging a session

☐ set to do ☑ set done

- Tick a box for every set you finish, write the weight in kg.
- Rate the session's effort 1–10 and add a note — pain, swaps, wins.
- Fewer reps than the target? Note it. That's your signal to keep the weight next week.

How hard should it feel?

- **5–6** · comfortable, 4+ reps left
- **7–8** · hard, 2–3 reps left
- **9** · 1 rep left
- **10** · nothing left — only on benchmark days

Each phase has its own target effort, shown at the top of every day.

Coaching rules

Before you start

- Check with your doctor before starting if you have a heart or lung condition, high blood pressure, diabetes, joint problems or are pregnant — or if it's been a long time since you exercised.
- Home safety: make sure chairs, steps and tables are sturdy and can't slide, and clear space around you before jumping exercises.
- Stop and seek advice if you feel chest pain, dizziness, unusual breathlessness or sharp joint pain.

Want your sessions tracked, your coach's feedback and the AI check-ins? Log online in your Code9 program — this PDF is the offline copy.

Nutrition

Protein moderate · **Fats** high · **Carbs** low

- Moderate protein, high fat, low carb: eggs, chicken thighs and canned fish keep it cheap.
- Rice and pasta bought in bulk — eaten around training only.
- Frozen vegetables count: carrots, zucchini, eggplant, onions.

Your full targets, meal plan and grocery list: the Code9 Nutrition Guide and your AI Nutrition Coach.

WEEK 9 · PEAK & TEST

Your Code9 benchmarks

Test in week 9 while you're fresh. If you did the same tests at the start, write those numbers too — this page is your 9 weeks in one look.

BENCHMARK	START (OPTIONAL)	WEEK 9
Max Push-Ups One set, full range. Knee push-ups count — note which you did.		
Plank Hold Hold with perfect form — stop when the hips sag.		
2 km Time Trial Run, jog or brisk walk — log your time in minutes.		
1-Minute Squats As many full bodyweight squats as you can in 60 seconds.		

What changed?

That's Code9. Nine weeks, done. Log your results online too — your coach uses them to set up your next block.
